## **Continuation Sheet (PTOL-303)**

Application No.

Continuation of 3. NOTE: Amendment to the claims filed February 21, 2008 has not been entered as it raises new issues that would require new search and consideration.

Two new claims (28 and 29) have been added after the final office action.

The independent claim 14 has been improperly amended to include "presentation" as a limitation, which was not examined in the previous office actions.

Claim 21 has been amended to depend upon a cancelled claim, thus the scope of the claim is unclear.

New claim 29, introduces a new limitation that after the Lactobacilli in the fermented food product are rendered non-viable, "no fermentation of the food product will take place" which was not claimed before and requires further search and consideration.

The amendments as discussed above include additional limitations including two new independent claims and thus would require new search and consideration.

Continuation of 11. does NOT place the application in condition for allowance because: Applicants' remarks filed February 21, 2008, concerning the new claims 28-29, have been considered. Claim 29, introduces a new limitation that after the Lactobacilli in the fermented food product are rendered non-viable, "no fermentation of the food product will take place" which was not claimed before and requires further search and consideration.

The non compliant amendments to claims 14 and 21 amendments as discussed above include additional limitations including two new independent claims and thus would require new search and consideration. Applicant's arguments regarding the 112 (second paragraph) rejection have been considered and have not been found persuasive and the rejections are maintained for the reasons of record as set forth in the previous office actions.

Applicants' argument regarding Meister and Klaver have also been fully considered and have been responded in the previous office action (September 21, 2007). The rejections are maintained for the reasons of record as set forth in the previous office actions absent any new clear and convincing arguments or evidence to the contrary.
